

CELEBRATING 40 YEARS OF
EXCEPTIONAL SERVICE

KING WILLIAM COUNTY 2016-2017

GOAL

In 2018 Bay Aging will be celebrating its 40th anniversary—40 years where staff have consistently delivered quality services!

With the goal of helping people—no matter what age—live independently for as long as possible, Bay Aging helps people live healthier with meals, personal care, transportation, affordable housing, home repairs and more.

TRENDS

By 2020, 38% of people living in the Northern Neck and 30% of Middle Peninsula residents will be 60 and older—a 5 to 6% increase from 2010. As generations age, they impact the types of services in demand—health, transportation and housing. Social risk factors, which are interconnected, significantly impact one's ability to meet their own needs and the needs of their family. The top four needs that emerged through multiple community-wide needs assessments are:

- 1) housing
- 2) transportation
- 3) health
- 4) employment

As you turn the page, you will discover how Bay Aging Board of Directors, leadership and staff addressed these needs and their significant outcomes.

Bay Aging is proud of its strong partnerships with local, state and federal entities, businesses, foundations education and faith organizations, resource councils and community and civic organizations to improve lives.

We ARE stronger together!

IMPACT

- ◆ **12 people (10 seniors)** now live in homes that include indoor plumbing, made safer through home repairs or weatherized for energy efficiency
- ◆ **32 seniors call Winters Point home** where they live in comfortable, energy efficient homes; residents also benefit from receiving support services such as meals, home care or transportation to ensure they can continue living on their own longer
- ◆ **54 low-income people live** in Housing Choice Voucher Program homes (Section 8) where a safe and healthy environment is key to raising a family and maintaining good, attractive housing stock
- ◆ **6,191 rides** (does not include the Town of West Point) gave people of all ages access to work, health care, education/training, and an array of consumer goods and services
- ◆ **107 seniors** are living healthier and safer in their own homes because **volunteers donated 223 hours of friendly visits while delivering 11,053 meals**
- ◆ **43 people of all ages** are effectively addressing their wellness, care and chronic disease management, staying out of the hospital longer and saving money on health care costs by receiving **3,827 hours of care services**
- ◆ **323 people** were able to make better decisions and improve their lives through counseling, education, employment training and other services

Impact of Leveraging \$4,000 King William County Donation

Bay Aging is proud to promote positive economic impact by utilizing local businesses and forming partnerships to improve lives.

- ◆ **15 King William County residents** are employed by Bay Aging
- ◆ **\$484,744** = value of services
- ◆ Every \$1 donated **leveraged \$122** in services delivered in King William

Impact of Leveraging \$15,000 Public Transportation Dollars

- ◆ **\$27,857 leveraged** in State and Federal funds
 - ◆ \$20,675 match by the Town of West Point leveraged \$38,396 in State and Federal funds

Additional Revenue to King William County

- ◆ **\$5,200 real estate tax** to King William County
 - ◆ \$9,244 real estate tax to the Town of West Point

Mr. B., who suffers from Parkinson's disease and recently diagnosed with leukemia, is 76 years old and lives with his wife in King William County. Mrs. B., his caregiver, works full time outside the home. She became very upset when she found herself in a position of no longer being able to manage or provide for all of Mr. B's care needs on her own. Mr. B. is also wheelchair bound and requires assistance with bathing, dressing, transferring and medication management! Referred by their pastor, a counselor completed a comprehensive assessment to determine the needs and what could be done to help. The counselor found that Mr. B. was eligible to have an aide for 8 hours a day in the home while Mrs. B. works. The assessment also revealed that they were having difficulty paying for his medications so Bay Aging's insurance counselor met with them to go over plans to determine what would be most beneficial. As it turned out, Mr. B. was also eligible for a low-income subsidy to help pay for his medications. They are so relieved! Their aide not only provides excellent care for Mr. B., she also prepares his breakfast and lunch to ensure he has the correct nutrition intake. Bay Aging staff was pleased to help Mr. B. and his dedicated caregiver. With an aide who is dedicated to his care, the right Medicare Part D plan, and continual monitoring, Mr. B. now has what he needs to live at home safely and independently as his capabilities allow. Meantime, Mrs. B. continues working, providing for the family, and being part of their beloved community.

Established in 1978, Bay Aging is a nonprofit 501(C)(3) organization serving the ten counties of the Middle Peninsula and Northern Neck.
