

2017—18 BY THE NUMBERS

Community Impact Report *Moving King William Forward*

Data includes Town of West Point

We believe a healthy community consists of numerous vital conditions—*basic needs for health and safety, good education for all, meaningful work and financial security, humane housing, healthy environment, reliable transportation, community partnerships and social supports people need to thrive.* Bay Aging is proud to contribute to the economic vitality of the communities served by partnering with county leaders, community organizations, and local businesses to leverage services for community good.

BAY HEALTH A DIVISION OF BAY AGING

Bay Aging leveraged \$10,300 from King William County to deliver \$217,69 in services.

- 126 seniors are living healthier lives in their own homes because volunteers delivered them 12,125 nutritious meals
- 698 people of all ages were able to make more informed decisions and improve their lives by participating in options counseling, insurance counseling and educational sessions
- 18 seniors received 6,680 hours of in-home and personal care services that included wellness checks; education about chronic disease care management is helping to keep them out of the hospital longer and saving money on health costs
- 3 low-income seniors enrolled in Senior Employment Training where after 2,281 hours of training they became employed, increasing their income and capacity to become self-sufficient

OTHER ECONOMIC IMPACTS:

15 employees live and/or work in King William County

\$3,983 real estate tax revenue to King William County and \$9,244 to the Town of West Point

\$7,313 to the Town of West Point for water and sewer

Insurance counseling helped 14 seniors save \$9,457 in health care costs

BAY HOUSING A DIVISION OF BAY AGING

Bay Aging delivered \$189,005 in housing services.

- 49 people are living in 15 safe, decent and affordable homes through the Housing Choice Voucher Program
- 2 senior families are living in homes made healthier and safer through weatherization and emergency home repair services
- During the past year 38 seniors benefitted from living in safe, affordable homes at Winters Point senior apartment community; residents also receive support services that enable them to live independently longer

BAY TRANSIT A DIVISION OF BAY AGING

Bay Aging leveraged \$20,675 from King William County and \$20,675 from Town of West Point with \$76,792 in state and federal funds to provide \$118,142 in transportation services.

- 4,519 rides throughout King William County and an additional 2,753 rides in-town West Point
- 30% of total ridership for people going to work
- Residents also used Bay Transit to access health care, education, polling places, retail and other county services

Spotlight on Success

VETERAN DIRECTED CARE

Mr. W., Sr. is a 92 year-old Korean War veteran who lives in King William County. He has been in the veteran directed care program since 2009, which has enabled him to continue living at home even with his declining overall health.

How is he able to live at home? A long-term, flexible plan of care was developed to meet his needs, and to access goods and services in the community. Mr. W.'s son, who lives next door, is his primary caregiver and provides daily care, supervision and support when the veteran directed care attendant is not in the home. Mr. W. has a long list of chronic health issues related to his military service. He also suffers from dementia and requires 24/7 monitoring to ensure his safety.

Without support, services and assistance available through Bay Aging's veteran directed care program, the caregiver would not be able to provide for all that Mr. W. needs to live at home safely. By continuing to live at home and being close to his family, the elder Mr. W. is content and the family can more easily monitor his daily care. Mr. W. and his caregiver strongly believe that without the benefit of veteran directed care and Bay Aging, the elderly veteran would have required long-term care placement many years ago.

What has Bay Aging accomplished? First, Mr. W. continues to live at home where he wants to be. Second, his son is his primary caregiver. Third, he has had the same attendant, whom he absolutely trusts, all these years. Fourth, because of the high level of care he receives he is not in and out of the hospital. And fifth, the cost of his care is far lower than if he was in a long-term care nursing facility. *Thank you for your service Mr. W! It is an honor for Bay Aging to provide this service for you and your fellow veterans across Virginia.*

BAY AGING SENIOR APARTMENT COMMUNITIES ACHIEVE HOMELESS PREFERENCE DESIGNATION

Winters Point Senior Apartment Community

On January 1, 2018 Bay Aging became the first Department of Housing and Urban Development multifamily rental housing operator to receive approval of a homeless preference for tenant selection—age 62 and older—at all senior apartments.

There are now 12 previously homeless seniors who are living in safe, comfortable housing at one of Bay Aging's ten senior apartment communities.

One formerly homeless King William senior, who now lives at Winters Point (pictured left), is grateful that life's path crossed with Bay Aging and is happy to be living in a safe community environment.
